

Environmental Policy Statement

The following Environmental Policy states our intentions and commitment to take every reasonable measure to conduct our business activities in a safe and responsible manner to minimize our impact to the environment.

To implement this policy and to achieve our environmental objectives, we have developed procedures and processes that ensure that:

- We seek continual environmental improvements across all our operations to minimize the impact of our activities to the environment
- We continue to develop best practice initiatives to ensure compliance with our customers' environmental requirements
- We fully understand the concept of 'sustainability' and are committed through our business undertakings to ensure, so far as is practicable, that the ethos of sustainability is integrated throughout all aspects of the organization
- We set environmental objectives and targets within our annual plan, which will be regularly monitored and reviewed to determine effectiveness
- We regularly review this policy to ensure it continues to be appropriate and relevant to the nature and scale of our business activities
- We so far as is reasonably practicable comply with the requirements of all relevant environmental legislation and regulations that relate to our business activities

A copy of this Environmental Policy will be made available upon request to any interested party.

Overall responsibility for this policy rests with the Directors of Syte Architectural Glazing Limited.
